If electronic, the transmission of the consent must be sent by electronic mail that sets forth, or is submitted with, information from which it can reasonably be determined that the transmission was authorized by the director. The electronic mail should state that the director intends transmission of the e-mail to be the director's signature, but failure to say so shall not invalidate a director's vote if transmission of the e-mail was intended as the director's signature. 1-2: Structure, Procedures, and Responsibilities

1. Introduction

The United States Parachute Association is a not-for-profit membership association dedicated to the safe activity of skydiving and to those who support it. It is principally an individual membership association but also enlists group members to supplement and augment USPA's effort to fulfill its mission.

- A. To represent and support the membership, the individual members of USPA elect a board of directors which determines the policies for the association, and governs the association according to those policies. In turn, the board employs a staff to perform the administrative and management business tasks inherent within a not-for-profit corporation and to support the board in the design, implementation, and management of USPA programs.
- B. A series of policy documents are written and maintained by the board and staff which designate the operating structure of association programs and the procedures by which the association will be represented, governed, and administrated.
- C. This policy document designates the organizational structure, procedures, and responsibilities of the board, its committee system, and the administrative structure and responsibilities of the professional staff as outlined in the USPA constitution and bylaws.

2. General Membership

- A. Procedures: Once per calendar year, USPA conducts a general membership meeting to which all of its members are invited. Open discussion on general association matters between the board and the members will be placed on the agenda of this meeting, unless otherwise directed by the USPA president. All USPA members in good standing who are present at a general membership meeting have an equal vote and an equal right to voice their opinions on all the agenda items for that meeting.
- B. Minutes: The minutes may be corrected following the meeting, and must be approved by the general membership at the next general membership meeting before they become official.

3. Board of Directors

- A. Structure and procedures
 1. The board uses a committee system to conduct board activities when developing policy and programs.
 2. The board itself is governed by its officers, who include the USPA chair of the board, president, vice president, secretary, and treasurer. These officers, along with one board member-at-large, comprise the USPA Executive Committee. The Executive Committee acts on behalf of the board during the interim periods between board meetings and is authorized to conduct association business when the board is not in session.
- B. Board meetings
 1. Board meetings include both committee meetings and plenary sessions. The board receives reports and acts upon committee recommendations in the form of motions presented by the committee chairs.

2. Principally, the board operates as a committee-of-the-whole only when considering matters which do not fall within the designated responsibilities of any specific committee.
 3. While the committees and other individuals or entities are scheduled to report in agenda order, the president may permit changes in reporting order if it facilitates the overall conduct of the meeting. The minutes, however, will be prepared in agenda order, and motions will be numbered in the order they appear in said minutes, independent of the order they were reported during the meeting.
 4. Board meetings will be open to all USPA members unless otherwise directed by the president, with the concurrence of the board. Closed board meetings will be open to only members of the board, plus any other individuals specifically invited by the presiding chair of the meeting to attend that particular closed session. Closed sessions during board meetings are primarily conducted in cases where personalities are being discussed, such as disciplinary actions.
 5. When non-members of the board wish to speak before the board during the plenary session, they will only do so after being recognized and invited to speak by a member of the board.
 6. For any individual to address the board on a specific issue during the plenary session, the issue must be placed on the agenda in advance, unless an exemption is granted by the president.
 7. The minutes of a board meeting may be corrected following the meeting, and will become official only when approved by the board at the next meeting.

 - a. determine the policies of the association
 - b. establish the operating budget for the association

 - b. All board members are expected to consider the interests of the association as a whole in all deliberations.
 - c. For all time-sensitive matters which require action by a member of the board or other non-staff USPA representative—
 - (1) The staff should prompt that person to fulfill this action by a specific deadline and send copies of this correspondence to the Executive Committee.

- (2) If no response is forthcoming within that allotted time frame, the Executive Committee should take direct action on the matter.
 - (3) If the Executive Committee, in turn, fails to act in a timely manner, headquarters is authorized to take direct action on that matter to the best of its ability.

5. Conflict of Interest Policy
- a. To Whom Conflict of Interest Policy Applicable. This Conflict of Interest Policy applies to officers, directors and key employees (as defined in 4.b.2 of the Related Party Transaction Policy above) of the Association. Any officer, director or key employee of the Association will be referred to herein as an “Association Insider.” An Association Insider who has a Conflict of Interest (as defined in paragraph 5.c below) will be referred to in this Policy as a “Conflicted Person.”
 - b. Procedures in Event of Conflict of Interest.
 - (1) Related Party Transactions. As detailed in the Association’s Related Party Transaction Policy set forth above, the Association and its affiliates (as defined in that Policy) may engage in a related party transaction, as described in that Policy, only by complying with that Policy.
 - (2) Conflicts of Interest. In the event of a Conflict of Interest (as defined in paragraph 5.c below), if the Conflicted Person is present at the meeting of the Board of Directors or other situation at which action involving the Conflict of Interest is to be discussed or considered, the Conflicted Person may answer questions from the Board of Directors or the officer(s) or employee(s) of the Association who or which is or are considering taking action that involves the Conflict of Interest, but the Conflicted Person shall excuse himself or herself from the meeting of the Board of Directors or other situation before, and so long as, action involving the Conflict of Interest is being deliberated, considered or decided upon by the Board of Directors or other officer(s) or employee(s) discussing or considering such action. The Conflicted Person shall not attempt to influence improperly the deliberation or voting on the matter giving rise to the Conflict of Interest. Notwithstanding the foregoing requirements, a Conflicted Person with respect to a Conflict of Interest may consent to action that has been approved without his or her participation, for such purposes as providing unanimous consent in writing to action by the Board of Directors.
 - c. Meaning of “Conflict of Interest.”
 - (1) Conflict of Interest arises when the Association enters into or considers entering into a transaction if an Association Insider’s objectivity in deciding on the transaction would reasonably be expected to be adversely affected by either (A) a financial interest of the Association Insider in the transaction or (B) a familial, financial, professional, employment or other relationship

of the Association Insider with a person who has a financial interest in the transaction. For that purpose, a “transaction” does not include a reimbursement of expenses incurred in the conduct of the business of the Association under an accountable arrangement.

d. Disclosure.

- (1) Initial and Annual Director Disclosure. Before any individual first elected as a director of the Association is seated as a director, and annually thereafter while he or she serves as a director, the individual shall complete, sign and submit to the secretary of the corporation a written statement identifying, to the best of the director’s knowledge, any entity of which such director, or a family member of the director, is an officer, director, trustee, member, employee or direct or indirect owner (including as a partner, shareholder or sole proprietor, but other than as an owner of shares in a publicly traded entity) and which either has a relationship with the Association or regularly conducts business in some way related to parachuting and/or skydiving, and any transaction in which the Association is a participant and in which the director or a family member of the director might have a conflicting interest. The policy shall require that each director annually resubmit such written statement. The secretary of the corporation shall provide a copy of all completed statements to the chair of the audit committee or, if there is no audit committee, to the president, as chair of the Board of Directors.
- (2) Prompt Disclosure of Specific Conflicts. Each Association Insider who becomes aware of circumstances that could be deemed to be a Conflict of Interest involving that Association Insider or a member of his or her family shall disclose the Conflict of Interest or potential Conflict of Interest, and the reason why it is or may be a Conflict or Interest, as soon as is practicable after the Association Insider becomes aware of it. Such disclosure shall be made to the Audit Committee of the Board of Directors or, if none, to the Board of Directors.
- (3) Disclosure to Board of Directors. Association Insiders shall also make disclosure at the Board of Directors’ meeting or other situation at which the matter from which the Conflict of Interest or potential Conflict of Interest arises is to be considered, before the matter is discussed or considered, if the Association Insider is present at the meeting. If the Association Insider is not present at the meeting, such Conflict of Interest or potential Conflict of Interest shall be disclosed by the President, if it is known to him or her, except that if such Association Insider is the President (or if the President is absent), it shall be made by the Secretary.
- (4) Documentation. The existence and resolution of any Conflict of Interest, as defined in paragraph 5.c above, and the resolution of any uncertainty, as provided in paragraph 5.e.2 below, shall be documented in the Association’s records, including in the minutes of any meeting at which the Conflict of Interest was discussed or voted upon.

e. Resolution of Doubtful Cases.

- (1) The foregoing provisions are necessarily general. For example, they do not definitively establish what is meant by “objectivity” or “would reasonably be expected to be adversely affected,” or what is meant by a “familial, financial, professional, employment or other relationship.” For that reason, it may not be possible to determine with certainty from the foregoing provisions whether a given set of circumstances creates a Conflict of Interest.
- (2) If an Association Insider is uncertain as to whether a Conflict of Interest exists, the Association Insider shall disclose all material facts relating to the potential Conflict of Interest as provided in paragraph D above, and in that event, or if any other person raises a question as to whether a Conflict of Interest exists in a particular case, the Board of Directors or the Audit Committee of the Board shall determine whether or not a Conflict of Interest exists. The Association Insider for whom a Conflict of Interest potentially exists may answer any questions from the Board or Audit Committee concerning the matter, after which the Association Insider shall excuse himself or herself from the meeting before, and so long as, the Board or Audit Committee discusses and determines whether a Conflict of Interest exists.

4. Committees

The board uses a committee system as its vehicle for policy development, initiation, and review in specific functional areas. The designated standing committees are listed in Article VIII of the constitution and bylaws.

A. Structure

1. All committees other than the Executive Committee are comprised of a chair and a maximum of six other voting members.
 - a. All voting committee members must be members of the board.
 - b. The president is a non-voting advisor to all committees. The executive director or a representative appointed by the executive director may serve as a non-voting member at the request of the chair.
 - c. The president appoints the committee chairs and may remove them

B. Procedures

1. Policy or program proposals may be initiated by the president by assigning specific proposals to the appropriate committees for evaluation and consideration.
2. Committees may initiate proposals based on either internal or external input and may undertake projects based upon existing policies and programs or as part of the policy and program development process.
3. Committee members are expected to thoroughly research and develop policy and program proposals in committee.
4. After development, committee members are expected to debate the merits of each proposal and reach a

consensus in committee before the policy or program is presented to the board for approval.

5. If a proposed policy or program has resource implications, it must be presented to the executive director during the developmental stage to solicit pertinent information regarding its effect on the association.
6. During board meetings, each committee should work from a prepared committee agenda.
 - a. The agenda should include all proposed policy or program initiatives and other modifications which require a vote of the board.
 - b. The president may refuse to accept a motion raised during a board meeting if it was not first placed on a committee agenda but may be overruled in this decision by a majority vote of the board.
7. When proposing policies and programs for board approval, a committee should conduct a final review of an issue then prepare a written motion based on a consensus reached by a majority of the committee's voting members.
8. Dissenting opinions should be expressed by the chair so that the board has a clear understanding of the proposal and its issues, thus enabling the board members to make an informed decision.
 - a. At board meetings, motions should be presented to the board by the committee chair as part of the committee report during the plenary session.
 - b. For time-sensitive issues arising during interim periods between board meetings, the chair may present committee proposals to the Executive Committee for consideration, subject to approval by the board.

C. Responsibilities

1. Committee chair: The chair is responsible for ensuring that the committee fulfills its responsibilities set forth in the constitution and bylaws and this policy document and has the following specific responsibilities:
 - a. select committee members with the concurrence of the president and remove committee members as deemed prudent
 - b. prepare a committee agenda and submit it to committee members and headquarters 30 days prior to each meeting of the board
 - c. once the agenda is prepared, provide courtesy copies to all board members and ensure that it is posted on USPA's website
 - d. initiate projects within the domain of the committee and act upon those assigned by the president
 - e. direct the committee's activities between board meetings to ensure that routine committee actions are not delayed or withheld until board meetings
 - f. on time-sensitive matters, ensure that committee action is taken during the interim between board meetings and forwarded to the Executive Committee for interim action, as required
 - g. as a matter of general practice, ensure that committee agenda items are thoroughly researched, prepared, and coordinated within the committee prior to board meetings, recognizing that unforeseen requirements may emerge at board meetings

- h. keep the president and executive director informed about committee projects, policy issues, and impending committee proposals
 - i. when developing programs which impact USPA resources, coordinate proposed committee action with the executive director
 - j. during board meetings
 - (1) chair the committee meetings
 - (2) present a committee report and all committee motions to the board during the plenary session
 - (3) prepare written copies of motions and present them to the secretary prior to placing them on the floor for a vote by the full board
 - k. maintain a close working relationship with the staff director assigned by the executive director to serve as the staff liaison with the committee
2. Members: Each committee member will assist the chair by fulfilling that committee member's responsibilities, as determined in collaboration with the committee chair.
 3. Items may still be placed on committee agendas during committee meetings, but these new items should not be submitted for final action during that meeting unless they meet both of the following conditions:
 - a. Such items are not controversial in nature.
 - b. All pertinent information is available to committee members, enabling them to make an informed decision regarding those items.

5. Task Forces

Temporary working groups, established as task forces, may be formed by the president to supplement the functions of the standing committees.

- A. A task force is primarily used when the board addresses an issue which does not fall within the designated responsibilities for an existing or a solitary committee.
- B. The president may establish a task force and stipulate its purpose and goals.
- C. All task forces expire at the end of each term of the board, and may be renewed by the president.
- D. The president appoints the chair of a task force.
- E. In addition to members of the board, a task force may include members of USPA staff, USPA members at large, and other parties who are knowledgeable on the issue being addressed by the task force.
- F. The chair has the following specific responsibilities:
 1. Chart a game plan to evaluate and fulfill the goals of the task force, according to the following criteria:
 - a. determination of purpose: How does this goal benefit USPA's membership and the sport in general?
 - b. analysis: Is there a current USPA policy or program designated to meet this goal?
 - c. evaluation: What is the current status of that policy or program? Effectiveness? Track record?
 - d. pros and cons: What are the advantages and disadvantages of pursuing this goal?
 - e. Proposed course of action: What policy or program would most effectively achieve this goal?

- f. financial considerations: How would USPA be financially affected by implementing this action?
 - g. development team: Who is most capable of developing this project through its completion?
2. Determine the number of members to serve on the task force, and select them
 3. Adhere to the same operational procedures, and fulfill the same responsibilities as committee chairs.

6. Administrative Staff

USPA employs an executive director who, in turn, hires an administrative staff as necessary to carry out the policies of the board, the administration of USPA programs, and the daily management of USPA as a not-for-profit association and business.

- A. Structure: The executive director forms, directs, and manages the administrative staff to ensure that his or her responsibilities are fulfilled in a manner consistent with the policies and programs established by the board and the resource constraints of the annual budget.
- B. Procedures
 1. The executive director will develop, and maintain at headquarters, internal standard operating procedures for the staff, consistent with the operating procedures of the board and the constitution and bylaws.
 2. The staff procedures will also ensure compliance with all federal, state, and local regulations and adherence to basic sound business practices appropriate for a not-for-profit corporation.
- C. Responsibilities
 1. Executive director. The executive director is the chief staff executive of the association, and is fully responsible to the board for the performance of the staff and for fulfilling the duties and responsibilities detailed in the executive director job description, attached as an appendix to the executive director employment contract, and has the following specific responsibilities:
 - a. form, direct, and manage the USPA staff
 - b. hire, support, manage, and release as required all USPA employees in compliance with federal, state, and local labor laws and sound business practices
 - c. ensure timely and accurate execution of USPA programs, as directed by the president
 - d. advise the board's committee chairs, as requested, and assign a staff director to serve as a liaison for each standing committee

 - f. support the secretary within the guidelines of USPA's policy documents
 - g. enter into contracts on behalf of USPA, in consultation with or at the direction of the board
 - h. coordinate the effort to defend all litigation directed toward the association
 - i. ensure that USPA maintains the most effective portfolio of insurance policies to protect the assets of the membership and the corporation according to the policies established by the board
 - j. serve as the publisher of Parachutist magazine

- k. serve as a spokesperson for the association, in collaboration with the president
1. at all board meetings and general membership meetings, present a report on the status of the programs, active issues, and fiscal health of the association
 - m. appoint staff to assume all regional director duties for members of other countries and U.S. territories (those areas not included in the USPA regional map)
 - n. perform other duties as directed by the president on behalf of the board
2. Staff: The members of the administrative staff carry out their duties as directed by the executive director.
 3. The administrative staff is responsible for ensuring that all of USPA's calendar-related activities be identified and initiated as necessary in a timely manner.

7. Whistleblower Policy

USPA is committed to honest, ethical and lawful conduct, full, fair, accurate, timely and transparent disclosure in all public communications, and compliance with applicable laws, rules and regulations. In furtherance of these commitments, USPA will abide by the rules set forth in the Whistleblower Policy found in Appendix B.

1-3: Election of USPA Officers

1. Introduction

The nomination and election of officers of USPA are conducted at the first meeting of the full board following the election of board members by the association membership. Typically, one third of the board is new and many of these new directors might have never attended a meeting. These procedures are provided to ensure that a fair and consistent method of selecting new officers is followed.

2. Procedures

- A. The election of officers will be placed on the agenda by the secretary such that it is prior to the conduct of any new business.
- B. At the board meeting the outgoing president (or the most senior re-elected officer) will preside over the nomination and election process until a new president is elected. He will ensure at the outset of the proceedings that the board members and others present understand the procedures provided herein.
- C. The first step in the election process is the nomination of officers. The order of nominations and elections is president, vice-president, secretary, treasurer, member at large of the Executive Committee and the chair of the board. As the nominations are made, the names will be displayed for all to see. Nominees may decline or withdraw at any time up until the start of the balloting for the office for which they are nominated.
- D. Following the nominations, the president will recess the board meeting to allow sufficient open time between the nomination of officers and the balloting to allow for campaigning by nominees. However, the campaigning should not unduly delay the conduct of other business listed on the agenda.
- E. When the meeting is returned to order, the president will ask if there are any further nominations; and if there are not, the nominations will be closed.
- F. Following the closure of the nominations, candidates will be allotted up to five minutes to present their platforms and solicit votes. Reasonable additional time will be allowed for board members to query the nominees, if so desired.
- G. The president will then close the meeting so that the balloting may begin.
- H. The balloting is conducted by two senior members of the skydiving community who are not members of the board. These election commissioners are appointed to their positions by the president. Voting is by secret, written ballot.
- I. For each elected position, the candidates for that position fill out a ballot, pass it to the election commissioners, and depart the room until a winner is declared.
- J. The directors discuss the nominees, close discussion, and vote on uniform, blank sheets of paper. The election commissioners sequester themselves in the room and count the ballots to assure there are as many ballots as voting board members present. If there are fewer than that, the election commissioners ask if anyone has purposely not voted. If a director says yes, the count of the ballots may continue. If not, the ballots must be destroyed and new vote taken.

- K. When one candidate receives a majority vote, as described below, the election commissioners announce "Mr. (or Mde.) President, we have a winner." The election commissioners then re-admit the candidates to the room. Once the candidates are seated, the election commissioners hand a slip of paper with the name of the winner to the presiding officer for announcement. Only the name of the winner is announced, never the count.
- L. When balloting has been completed and all officers have been seated, a motion is made to destroy the ballots. The election commissioners then destroy the ballots. The election commissioners must never reveal the counts.

3. Method For Counting Ballots

- A. A majority vote (51%) is required to win. (If there is a tie, there must be a new ballot.) Where there are three or more candidates for an office and one does not receive a majority vote of all board members present, the one with the lowest vote count is removed from the ballot, he or she is invited back into the room, and a new vote is taken. If two candidates tie for low vote, neither may be removed; in this case the election commissioners announce that there is a tie (never the count) and a new vote must be taken (hoping that one or more directors will change their vote).
- B. Abstentions, blank ballot, spoiled ballots, and absent director intentions (there are no proxies) are not counted.

1-4: Regional Directors

1. Introduction

USPA regional directors have unique responsibilities not shared by other board members. Specifically, they have administrative duties and responsibilities to a regional constituency. They serve both as members of the board who, along with the USPA national directors, develop the policies and programs of the association, and as regional administrators of safety, training, and membership service programs.

2. Purpose

This document is provided as a guide for regional directors in the performance of duties and fulfillment of responsibilities.

3. Responsibilities

Regional directors have all the responsibilities of national directors. Collectively, their duties and responsibilities are outlined in Section 1-2. In addition, regional directors have the following responsibilities:

- A. Provide direct but not exclusive liaison and communication between the regional constituency and the board and with the USPA staff
- B. Represent the best interests of the association with the membership and the best interests of the membership with the association
- C. Approve or disapprove new and renewal applications of drop zones applying for group membership
- D. Ensure continual and balanced support and communication with all USPA group members within the region, and with non-group member drop zones when in the best interest of individual members
- E. Assist in the resolution of disputes between and among members (individual and group) when in the best interest of USPA
- F. Ensure compliance with the Basic Safety Requirements by individual and group members fairly and equitably across the region
- G. Ensure group member compliance with the Group Member Pledge and take such action as may be necessary in the event of non-compliance
- H. Conduct investigations in accordance with Section 1-6, as necessary
- I. Appoint qualified USPA Safety & Training Advisors for drop zones, demonstration teams, or a region
- J. Assist the staff with the administration of the licenses, ratings and awards programs
- K. Promote skydiving, USPA and membership recruitment within the region

4. Procedures

It is up to the discretion of the regional director to determine how best to serve the needs of his or her constituency while fulfilling obligations to the board and the association as a whole. However, certain specific procedures must be followed.

- A. Safety & Training Advisors

1. The regional director appoints S&TAs and forwards the appointments to headquarters for processing.
 - a. The appointments should be made in consultation with the drop zone owner-operator, while recognizing that the advisor is a representative of USPA, not the drop zone.
 - b. The appointment of a DZ owner, operator or employee as the S&TA should occur only if another suitable candidate is not available.
 - c. The following qualifications are required:
 - (1) be a current USPA member
 - (2) have made a minimum of 50 freefalls within the past 12 months*
 - (3) hold at least an instructor rating*
 - (4) hold a D License
 - (5) be willing to endorse and promote USPA policies
 - (6) attend the regional director's annual S&TA meeting*

**Items marked with an asterisk may be waived by the regional director. A letter of exception will be included with the appointment forwarded to headquarters. The regional director may appoint themselves as S&TA if they meet the minimum requirements.*
2. The regional director will hold at least one meeting of S&TAs each year to—
 - a. promote uniformity of S&TA activities
 - b. enhance communications between the regional director and the S&TAs and among the S&TAs
 - c. provide a forum to exchange experiences, ideas, and methods of operations
 - d. inform and update S&TAs regarding USPA policies, programs, and administrative procedures
- B. Awards, licenses, and ratings
 1. Each regional director serves as an administrative extension of headquarters.
 2. As such, regional directors are empowered to certify licenses, ratings, and awards as specified in the Skydiver's Information Manual.
- C. Representation and communication
 1. To be an effective regional director and to properly represent the interest of USPA and its membership, the regional director must be visibly present throughout the region.
 2. While the regional director will likely have a "home" drop zone, the director must be available throughout his or her region.
 3. Presence involves the use of electronic and/or conventional mail (mailing address list is available for purchase), newsletter and/or home pages, and most importantly, personal visits to drop zones within the region.
 4. Regional directors may be reimbursed for travel, communications, and miscellaneous expenses as provided in Section 2-1 of this manual.
 5. Email list is not available.

1-5: Action Between Semi-Annual Board Meetings

1. Introduction

The full board may be required to take action between regular meetings in lieu of the Executive Committee.

2. Purpose

This Section addresses ways that corporate action may be taken between the board's regular meetings by either the Executive Committee or the full board.

3. Action Between Semi-Annual Board Meetings

- A. The by-laws authorize the board's Executive Committee to act for the corporation between board meetings subject to ratification by the board. Even if the by-laws would permit the Executive Committee to take an action, there may be circumstances that would be prudent for the full board to act on a matter, or at least give the matter consideration, as opposed to the Executive Committee alone.
- B. A special board meeting, between the board's regular meetings, may be called in accordance with the by-laws with a reasonable number of days notice. The meeting may be held by telephonic or video screen conferencing, or with participation in that manner by some board members, as provided in the by-laws.
- C. The by-laws also permit board action between regular board meetings if written or electronic consent is given by each and every board member in office. For matters that are not controversial, it may be feasible to obtain unanimous written or electronic consent without the necessity of a conference call or other meeting.
- D. If there is a matter that the Executive Committee is legally authorized to approve but is reluctant to approve without input from other board members, the Executive Committee may "poll" the board members or "vet" a proposal with them before taking action. In that event, or in the event that a board vote under C is sought but not all board members respond, the Executive Committee may base action on input from at least those board members who were able and willing to respond. The Executive Committee may not take action that requires full board approval. Action taken by the Executive Committee, even after polling the board, would require subsequent board ratification.
- E. New York law requires approval by the full board, rather than the Executive Committee alone, for the taking of certain actions. Such actions include: a decision by the board to submit to the members for approval any matter that under New York law must be approved by the members to be effective, filling vacancies on the board or the Executive Committee, approving compensation for board members, amending or repealing by-laws, electing or removing officers or board members, approving a merger, plan of dissolution or disposition of substantially all assets of the corporation, or amending the certificate of incorporation.
- F. Except in unusual circumstances that require a quicker response, any electronic vote taken as an interim vote must allow 24 hours from notification until voting closure.

4. Procedures

- A. Any board member or the executive director may request that a decision be made by the Executive Committee (with or without the polling of board members), or by a special meeting of the board (including a meeting by telephone or video screen conferencing).
- B. The item must be submitted to the secretary in the form of a motion accompanied by supporting material.
- C. The decision as to whether the motion is in order and is appropriate for action between semi-annual board meetings is the sole responsibility of the secretary who, in consultation with the president and the executive director, will consider whether the matter requires action prior to the next semi-annual board meeting, and if so, by which means: 1-5.3.A, B, or C.
- D. If it is determined that the motion is in order and appropriate for action between regular board meetings, the secretary will forward the motion and supporting documentation to the board members. If a special board meeting is requested by the board member putting forward the motion, the persons authorized under the by-laws to call a board meeting shall decide whether to call a meeting, subject to the applicable notice requirements in the by-laws.
- E. If unanimous consent or board polling is sought, the secretary shall prepare a communication to board members containing the following:
 1. The motion proposed;
 2. A due date for the return of the ballot; and
 3. If the proposal is for a unanimous board vote or a polling of the board, appropriate space for recording votes of "yes" or "no," and, for paper balloting, a line for the board member's signature and space for the board member's comments.
- F. Hold for discussion
 1. Any board member may, upon receipt of a ballot, initiate one 20-day extension of the due date, solely for the purpose of advancing further discussion of the issue, unless the secretary, in consultation with the president and the executive director, determines that an emergency exists and that extending the due date, or extending the due date by 20 days rather than by an identified shorter period, would be imprudent.
 2. A board member may initiate such a hold by notifying the secretary, who will, in turn, promptly notify the executive director and all board members of the revised due date.
 3. It will be the sole responsibility of the board member initiating the extension to prepare and circulate documentation representing his position on the issue.
 4. If an extension has been initiated, any board member who submitted his ballot prior to the original due date will have the opportunity to change his vote by written notice to the secretary prior to the revised due date.
- G. Voting and authentication

1. To ensure that a sender of a returned ballot is the board member voting, one of the following authentications is required:
 - a. Mail and carrier service ballots must be signed in original handwriting by the voting board member.
 - b. Faxed ballots must be signed by the voting board members prior to transmission.
 - c. Emailed ballots must be received from the board member's email address that is on record at USPA Headquarters.
 2. Ballots will be returned to the secretary.
- H. Ballots not received by the due date cannot be assumed to be affirmative or negative votes and will not be counted.
- I. Upon determination of the vote count, the secretary will notify the board members and executive director of the tally.
1. Results of the voting will be recorded in the minutes at the board's next scheduled meeting.

1-6: Disciplinary Actions

1. Introduction

In all societies, associations, fraternal orders and the like, occasionally a member of the group conducts themselves in such a manner as to contravene the basic moral and ethical principles of the organization to such an extent that the well-being of the organization itself and its members are seriously jeopardized. The United States Parachute Association is certainly no exception to this rule. Because of the nature of skydiving, additional burdens are placed upon the individual participants and upon the association to constantly make every effort to police themselves and accept the responsibility which they fully recognize as theirs and which both society and government expect of them.

2. Structure

These procedures will be construed to provide simplicity in process, fairness in administration and the elimination of unjustifiable expense and delay.

3. Purpose

- A. This section implements the provisions of Article I, Section 6, of the by-laws. This section authorizes the board to censure, suspend, expel or otherwise discipline any member of the association for cause, including but not limited to transgressions of basic ethical principles of USPA as outlined in the USPA Constitution. It also establishes the procedures for instituting an action against a member, the minimum due process that must be accorded a member against whom such action is brought and the appellate review that is available before such action is finalized.
- B. These procedures are intended to provide for the just determination of every action brought against any member, as defined in the by-laws, Article I, Section 1.
- C. Nothing contained herein will be construed to abridge the right of any member to petition any member of the board for a redress of wrongs.

4. Scope

- A. State and federal laws make provisions for serious breaches of acceptable conduct. In cases where a USPA member is convicted of a felony, he or she may be summarily dismissed from the association in accordance with the provisions of USPA Governance Manual Section 1-1, By-Laws, Article 1, Section 6. Other offensive conduct, which may not otherwise be actionable in law but which nonetheless may result in serious injury to persons or property or which may degrade the sport, are specifically set forth herein. It is recognized that every infraction of a USPA procedure, if enforced within the literal meaning of the procedure, may yield inequitable results. USPA is not a law enforcement agency but rather an organization dedicated to encouraging safe skydiving.
- B. Any USPA member shall be guilty of an offense justifying the imposition of the penalties set forth in USPA Governance Manual Section 1-6.4.C (below) who—
 1. Willfully violates the USPA Basic Safety Requirements.
 2. Aids and abets a willful violation of the USPA Basic Safety Requirements.

3. Is so grossly negligent in conduct or acts as to imminently imperil fellow skydivers or aircraft, persons or property on the ground, or wantonly disregards personal safety or the safety of others.
 4. Engages in any conduct that a person of reasonable prudence would anticipate as being likely to bring public contempt upon their person, upon skydivers or upon USPA.
 5. Engages in any conduct that reasonably jeopardizes the well-being of USPA.
 6. Willfully falsifies any document, certificate or record connected with or relating to skydiving.
 7. Willfully and knowingly misrepresents any material fact in connection with any application filed with USPA.
 8. As the owner or controlling manager of a Group Member drop zone, willfully violates the terms of the Group Member Pledge.
 9. Has a duty of confidentiality and breaches that duty.
- C. Penalties: Any USPA member who has been found to have committed one or more of the offenses specified in USPA Governance Manual Section 1-6.4.B (above) shall be subject to one or more of the following:
1. Membership suspension or revocation.
 2. License suspension or revocation.
 3. Rating suspension or revocation.
 4. With the above-listed penalties, conditions may be specified upon which membership, licenses and ratings may be restored.
 5. Censure.
- D. Resignation/Surrender
1. Any USPA member who resigns their USPA membership will not be eligible for USPA membership for a period of one year without full board approval.
 2. Any USPA rating holder who surrenders any USPA rating will not be eligible to hold that rating for a period of one year, must receive full board approval to regain that rating and must comply with all currency requirements.
 3. The Director of Safety and Training, in consultation with the appropriate Regional Director, may set the terms upon which any member may voluntarily suspend their membership and/or ratings and regain same.
 4. A member who resigns may still be subject to disciplinary actions from USPA for acts committed prior to the resignation or surrender.
- E. Jurisdiction
1. Primary jurisdiction: The regional director of the region in which the alleged offense was committed shall have primary jurisdiction over the disciplinary action.
 2. Concurrent jurisdiction: In the event that a member of one jurisdiction is alleged to have committed an offense in another region, the regional director of the region where the member resides and the regional director where the alleged offense occurred will have concurrent jurisdiction over the matter.

3. In the event any USPA official is unable to carry out the duties specified in this section, the president or next-ranking USPA officer will designate an appropriate person to act on behalf of the official.

F. Non-Members

1. In the event a disciplinary action investigation reveals that the person in question is not a member of USPA due to membership expiration or surrender, the investigative process may continue.
2. If it is determined that a suspension or revocation of a USPA credential would normally be warranted, the person will be notified of the decision of the Compliance Group, and a notation will be entered into the person's database file or a new database file will be created for that person.
3. Any future requests of the person to renew USPA credentials must be approved by the Executive Committee following a review of the details. If the Executive Committee denies the request, it will then be brought to the full board for a review. Since it is not possible for USPA to revoke the membership and ratings of a non-current member, the board would need to examine the situation to determine if it would be deemed reasonable to allow the expired member to renew membership and ratings (if applicable).

5. Procedures

The procedures contained in this section will apply to all USPA members.

A. Compliance Group (CG)

1. The CG will be formed of the following members, each of whom is expected to fully participate in all deliberations:
 - a. The director of safety and training.
 - b. The relevant regional director(s).
 - c. A national director, not on the Executive Committee, appointed by the president.
 - d. The chairman of the Group Membership Committee.
 - e. The chairman of the Safety and Training Committee, who shall act as the CG chairman.
2. In the event that any USPA official is unable to carry out their duties or the regional director is the same as another appointed CG member, the president will appoint a replacement board member to act on the behalf of the official.
3. Each appointed director serves for the full term of the board, unless the appointee resigns his position on the CG.
4. The president may remove any board of director CG member only with the approval of the board of directors by a two-thirds vote, including the removal from the CG of the chairman of the Safety and Training Committee or Group Membership Committee by changing the chair of either or both of those committees.
5. In cases where the investigating regional director or member of the CG is also a member of the Executive Committee, that person will participate with the CG but must abstain from any Executive Committee vote regarding a CG decision.

B. Instituting a Disciplinary Action

1. When any matter involving the conduct of a USPA member comes to the attention of any staff member or board member, that person will notify the director of safety and training, who will notify the regional director and the CG in writing.
 2. All staff members and board members involved in a disciplinary process will protect the anonymity of a complaining party if so requested by that party. However, the complaining party must provide their name and contact information to the CG along with any allegation.
 3. In order to protect against abusing a member with a submission of false, incomplete or misleading allegations, evidence of a violation must be substantial enough for the CG to begin an investigation.
 - a. Physical evidence such as video, photographic or written documentation is preferred.
 - b. Written reports should be provided by eyewitnesses whenever possible.
 - c. Investigator interviews of persons having information and/or knowledge related to the allegation should be documented in a detailed report with specific dates and the details of each allegation.
 - d. In cases where the names must be redacted from any report provided to the investigating regional director, the USPA licenses and ratings held by any witness or complainant must be provided with any verbal or written statements.
 - e. The USPA Board and staff will keep all personal information for any complainant or witness confidential. The names and contact information will not be provided to the complaining party under any circumstance.
 - f. Anonymous reports that are submitted with no supporting evidence or contact information will in most cases not be considered for any action by the regional director or CG.
 4. The regional director will then investigate and collect sufficient facts to determine whether there is a prima facie showing of an offense as specified in Section 1-6.4.B. The regional director will present his gathered facts, findings and prima facie conclusion to the CG by any electronic communications acceptable to USPA.
 5. If, after the preliminary investigation, the CG concludes that prima facie evidence is insufficient for an investigation, the CG will dismiss the allegation, and the regional director will notify the complainant and the member in writing.
- C. Notice of Investigation: If, after the preliminary investigation, the CG concludes that the regional director has sufficient facts for a prima facie showing that a member has committed an offense as specified in Section 1-6.4.B, the regional director (or at the regional director's request, an appointed investigator) will serve upon that member a Notice of Investigation that will contain all the following particulars:
1. A citation of the authority upon which the action is being taken (USPA Governance Manual Section 1-1, Constitution and By-Laws, Article 1, Section 6; and Section 1-6, Disciplinary Actions).
 2. Reference to the Basic Safety Requirement, Group Member Pledge or other rule (including state and federal

laws), or in the case of ethical principles, the principle involved.

3. A specification of one or more of the alleged offenses, as listed in Section 1-6.4.B.
 4. Sufficient facts to support the alleged violation.
 5. An appropriate statement advising the member of their right to offer, orally or in writing, any statement or evidence in defense or as grounds for mitigation; and their right to an informal hearing before the regional director and a hearing before the CG, providing timely requests for such hearing are made.
- D. Service of Notification
1. The Notice of Investigation will be sent to the member against whom an action is being instituted by email.
 2. If there is no known email address or no acknowledgment of receipt of the email within 72 hours, then the member will be sent the Notice of Investigation by both USPS Certified Mail, return receipt requested, and USPS First-Class Mail.
 3. The member will be considered notified when there is an acknowledgment of the receipt of the email. In the case where no email was sent, or sent and not acknowledged, then the member will be considered notified when USPA has received proof of delivery of the Certified Mail, or 11 days from the mailing of the First-Class letter, whichever occurs first.
 4. In extraordinary circumstances where the member could not be notified, the member may appeal immediately to the CG to restart the disciplinary action from the beginning.
- E. Hearings and Evidence
1. Within 15 days of the receipt of a Notice of Investigation, the member may contact the regional director and present any relevant evidence and testimony. The contact may be by telephone, other electronic means or in person. The member may also present evidence to the regional director by mail, email or other acceptable means. At the discretion of the regional director, the timeframe may be changed to a period not to exceed 30 days, to allow the member more time for preparation.
 2. Within 15 days of the receipt of a Notice of Investigation, plus any extension granted by the regional director, the member may request a hearing with the CG by making a written request by mail or email to the director of safety and training. The CG will participate by any electronic communications acceptable to USPA, where the member may present relevant written and oral evidence and may make oral arguments in defense or mitigation. The member forfeits the right for a hearing before the CG if a timely request is not made.
 3. The member is allowed one counselor at any hearing (including any appeal), but the member is expected to converse directly with USPA representatives.
 4. Since USPA cannot compel the attendance of witnesses or the taking of evidence, there will be no right of confrontation as such. However, every effort will be made to determine the facts fairly and impartially.
 5. The member is not required to participate in any hearing or provide evidence or testimony to the regional director, the CG or any USPA official, and it is entirely the member's option to do so.
6. In extraordinary circumstances or for compelling reasons, the member may appeal to the CG to extend any deadlines.
- F. Presumption
1. Any member against whom a disciplinary action has been instituted is presumed to be innocent of the charge. This presumption remains until the member is found, in accordance with the procedures outlined herein, to have committed an offense specified in Section 1-6.4.B.
 2. To protect a member who is wrongly accused and to protect the rights of all persons affected, members of the board of directors and USPA staff will refrain from discussing any matter relating to any alleged offense with any person not a party to the action and shall express no opinion nor make any statement concerning anything related to the alleged offense except as provided in Section 1-6. Any breach of confidentiality may be subject to disciplinary action under Section 1-6.4 B.9.
 3. Any member who has received a Notice of Investigation will be ineligible to apply for or receive any new licenses or ratings until the final disposition of the disciplinary action.
- G. Proof of Fact: The proof of facts sufficient to justify a finding that an offense, as specified in Governance Manual Section 1-6.4.B, has been committed shall be by a preponderance of evidence as in other civil matters and not beyond a reasonable doubt and to a moral certainty, as in criminal matters.
- H. Deliberation and Determination: Upon receipt of a regional director's final report, conclusion of all hearings and receipt of any response or other evidence from the member, the CG will have a final deliberation. All decisions by the CG must be unanimous. If the CG cannot make a unanimous decision, then the action against the member must be dismissed. The final decision of the CG must be made within 45 days, plus any granted extensions, of the date of the letter of Notification of Investigation to the member. The CG will make one of the following determinations:
1. Dismissed Action: If the CG dismisses the action for any reason, the director of safety and training will notify the member in writing.
 2. Disciplinary Action
 - a. Upon the CG finding that a disciplinary action is warranted and assessing a penalty, the CG will at the same time determine whether any penalties or conditions imposed will be in effect during any appeal of the member to the Executive Committee. Penalties are normally held in abeyance during any appeal. However, in cases of egregious circumstances or where public safety is jeopardized, the CG may specify that the penalty be in effect during the appeal process.
 - b. The director of safety and training will make notification to the member using the procedures in Section 1.6.5.D. The notification will include the offense, the penalty, any conditions imposed, the appeal process available and the pertinent sections of the Governance Manual.
 - c. Within three business days of the final decision of the CG, the CG will notify the EC in writing of the disciplinary action taken.
 - d. Any membership or rating suspension or revocation will be noted in the database record of the member

in order for the status to display in the USPA online credential verification page, and a notification will be sent to all USPA Group Member drop zones to provide only the name and membership number of the member and the status of the membership and ratings for that member. In the event of a member's timely appeal of the CG decision, such notifications will be removed, unless the CG had determined that the penalties would be in effect during any appeal to the Executive Committee of the CG decision.

I. Appeal of CG Disciplinary Action

1. The member may appeal an adverse decision of the CG to the Executive Committee by notifying the director of safety and training, in writing, that an appeal of the CG decision or penalty is being made. Such appeal must be made within 15 days of the notification to the member of the final disciplinary decision of the CG.
2. If a timely appeal of the decision is made to the CG, the CG will within three business days forward to the Executive Committee the evidence in the case and any other pertinent information and respond to any Executive Committee inquiries.
3. The member may provide written statements or evidence, testify and may have one counselor available during testimony by any electronic communications acceptable to USPA with the Executive Committee. However, the member is expected to converse directly with USPA representatives. The Executive Committee must make its final decision within 15 days of receiving the member's appeal from the CG, unless the Executive Committee, by majority vote, extends the deadline.
4. By majority vote, the Executive Committee may uphold, dismiss or modify the CG decision on both guilt and penalty but may not impose a harsher penalty than the original penalty imposed by the CG decision. The EC will at the same time, by majority vote, determine whether any penalties or conditions imposed will be in effect during any appeal of the member to the full board. Penalties are normally held in abeyance during any appeal. However, in cases of egregious circumstances or where public safety is jeopardized, the Executive Committee may specify that the penalty be in effect during the appeal process.
5. The USPA Secretary will make notification to the member, using the procedures in Section 1.6.5.D. The notification to the member will include the offense, the penalty, any conditions imposed, the appeal process available and the pertinent sections of the Governance Manual.
6. Any membership or rating suspension or revocation will be noted in the database record of the member in order for the status to display in the USPA online credential verification page, and a notification will be sent to all USPA Group Member drop zones to provide only the name and membership number of the member and the status of the membership, license and ratings for that member. In the event of a member's timely appeal of the Executive Committee decision, such notifications will be removed, unless the Executive Committee had notified the member that the penalties would be in effect during any appeal of the Executive Committee decision to the full board of directors.

J. Appeal of Executive Committee Disciplinary Decision

1. The member may appeal an adverse decision of the Executive Committee to the full board of directors by notifying the USPA Secretary in writing within 15 days of the member's notification of the Executive Committee's final disciplinary decision.
 2. The USPA Secretary will place the appeal on the agenda of the next board meeting. At that meeting, the Executive Committee will provide all documentation and evidence to the full board. The full board will hear the appeal and may, by majority vote, uphold, dismiss or modify the decision of the Executive Committee but may not impose a harsher penalty than was imposed by the Executive Committee decision.
- K. Relief of Suspension or Revocation: Any current or former member who has had membership, licenses, ratings or awards suspended or revoked may petition the full board at a board of directors meeting after the appeal process has expired or as required by the final disposition of the action against the member by contacting the USPA Secretary to set the matter on the agenda.

6. Summary Authority Of USPA Officials

A. Regional Director

1. The regional director is empowered to suspend ratings for a period not to exceed 60 days upon a finding that a member who holds such a rating is not currently qualified or has violated any safety rule or principle relating to the exercise of the privilege of the rating.
2. The regional director is empowered to suspend individual membership for a period not to exceed 60 days upon finding that a member has taken an action that warrants an immediate suspension pending additional investigation. The action of the regional director will be subject to review by the CG upon the member notifying the director of safety and training, in writing, within 15 days of the notification of the initial suspension.
3. The regional director is empowered to suspend a Group Member by written notice, with explanation, for a period not to exceed 60 days upon a finding that the Group Member has materially violated the Group Member Pledge. 5. When possible, the regional director will discuss the intended action with the president before taking the action and in all instances will immediately notify the president and executive director of the full particulars. In doubtful cases, the regional director will consult with the USPA legal counsel and may solicit the assistance of the FAA or any law enforcement agency.
6. The regional director may request an independent investigator, approved by the president, to investigate a possible disciplinary action under this section.
7. The regional director will notify the CG of any alleged offense that may warrant a disciplinary action, and actions taken by the regional director under summary

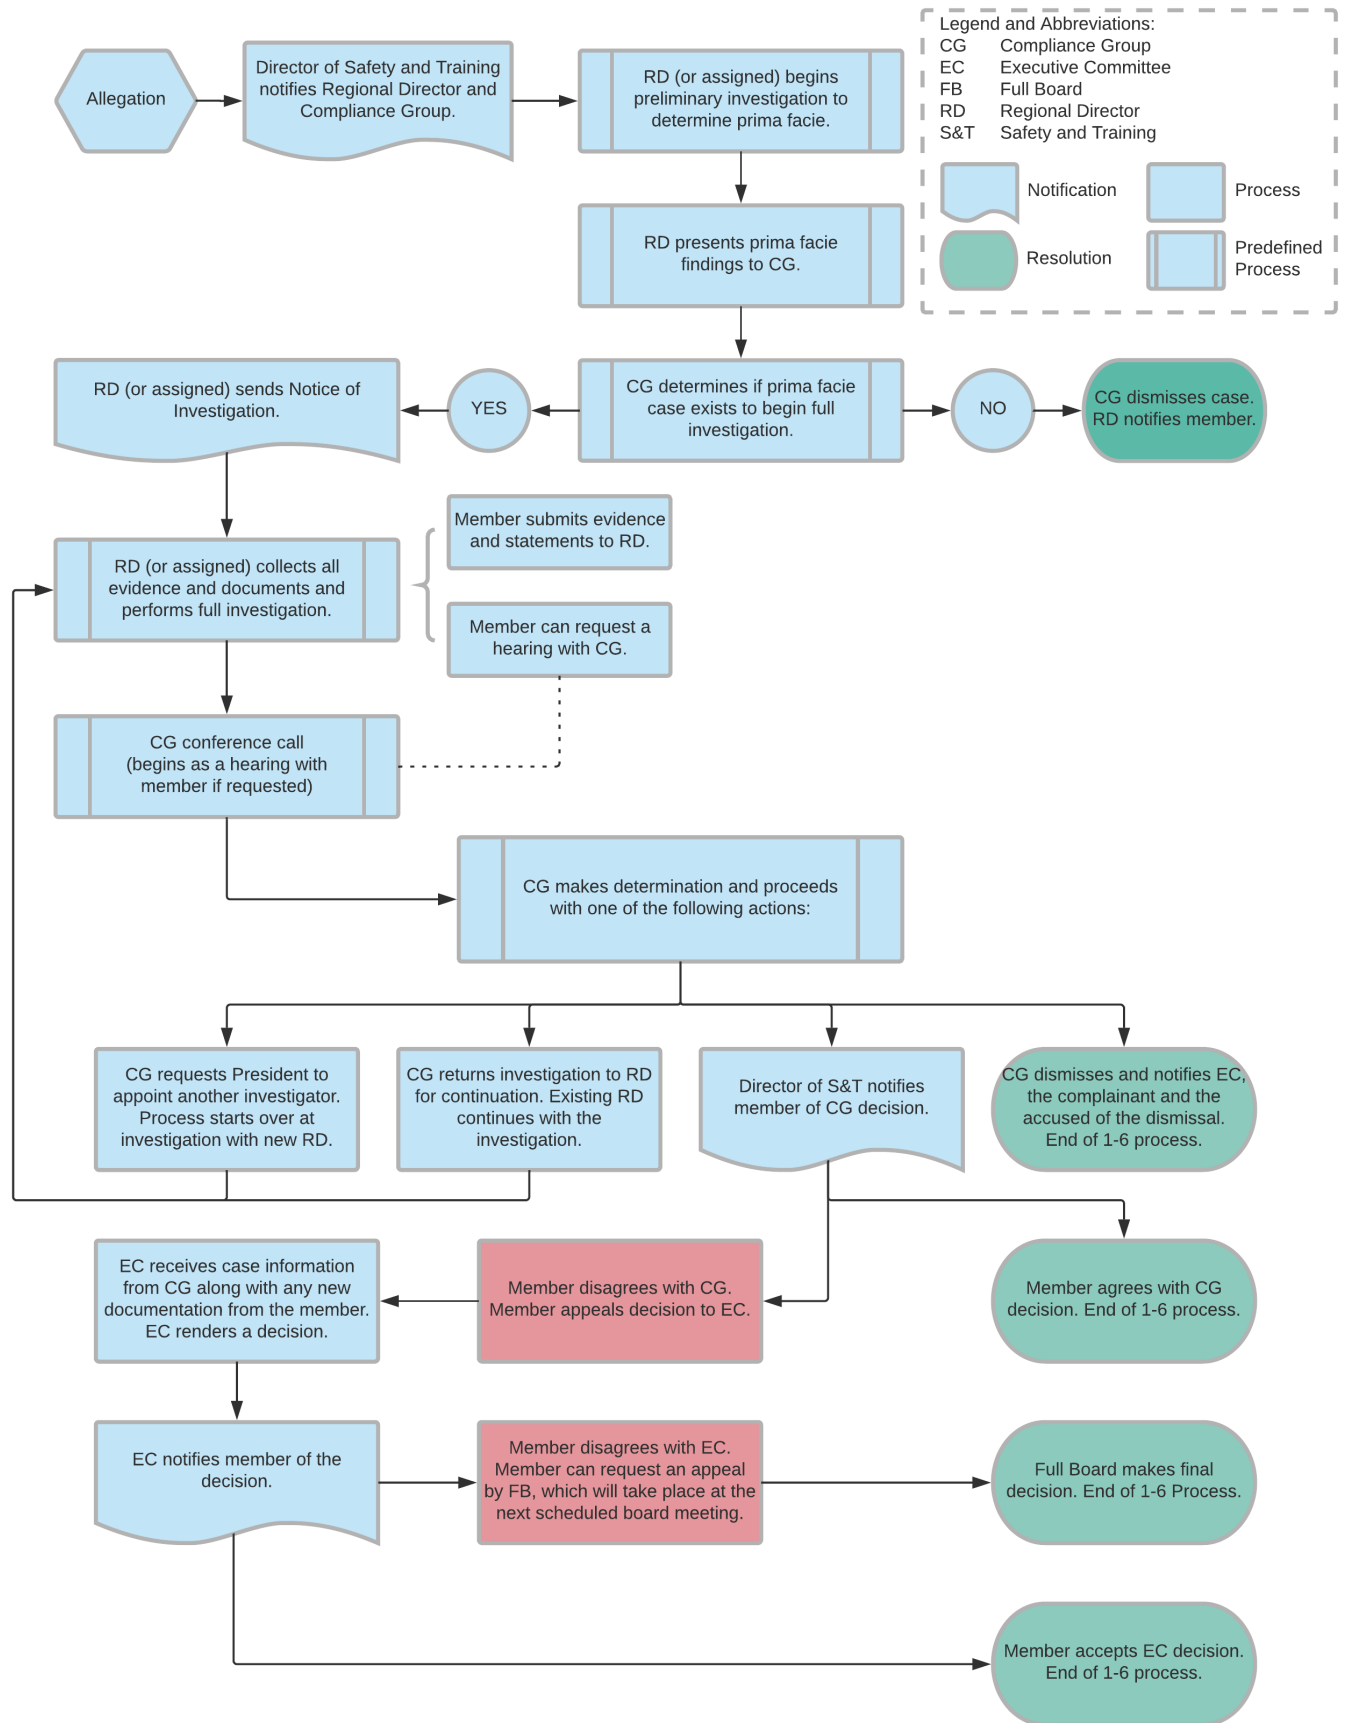

authority do not preclude any subsequent disciplinary action.

B. Safety and Training Advisor and/or Examiner

1. An Examiner who holds a current rating has the authority to suspend the same rating for a period not to exceed 30 days upon finding that the member who holds such a rating is not currently qualified or has violated a safety requirement or principle relating to the exercise of the rating.

6. The regional director will notify the CG of any summary authority action by any Safety and Training Advisor and/or Examiner in the region and any offenses that may warrant disciplinary action. Actions taken by a Safety and Training Advisor and/or Examiner under summary authority do not preclude any subsequent disciplinary action.

C. Limitation of Actions

1. A disciplinary action against any member will be instituted within one year of the date on which the offense was committed. Prior offenses that occurred within the previous two years of the offense may be considered for discipline as long as the nature of the offenses are the same or similar to the offense that occurred within the one-year limitation.
2. In the event of an incident resulting in a fatality or serious injury, the disciplinary action will be initiated within three years.
3. Disciplinary action is considered instituted from the time a Notice of Investigation is sent to the member.
4. In the event of an ongoing investigation by an authority other than USPA, time limitations for instituting a disciplinary action by USPA are suspended until the investigation by the outside authority is complete.

1-9: Discrimination & Harassment Policy

USPA members are expected to support, uphold, and embrace the behaviors described in the USPA Values Statement. Among other things, USPA strictly prohibits discriminatory or harassing conduct by its members in connection with their activities relating to USPA.

DEFINING DISCRIMINATION

Discrimination is unequal and/or unfair treatment of individuals based on certain of their personal characteristics, including without limitation their race, color, ethnicity, national origin, religion, sex (including pregnancy, sexual orientation, and gender identity), age, disability, genetic information, or veteran status.

DEFINING HARASSMENT

Harassment is unwanted and/or unwelcome conduct towards individuals that is based on certain of their personal characteristics, including without limitation their race, color, ethnicity, national origin, religion, sex (including pregnancy, sexual orientation, and gender identity), age, disability, genetic information, or veteran status that is endured as a condition of continued participation, instruction or coaching, or that is severe or pervasive enough to create an environment that a reasonable person would consider intimidating, hostile, or abusive.

REPORTING DISCRIMINATION OR HARASSMENT

USPA members having concerns regarding discrimination or harassment should report their situation by contacting their Regional Director and/or USPA Headquarters (Director of Safety and Training). Members may also consider contacting local Drop Zone management or a local S&TA. Contact information for USPA Regional Directors and Headquarters Staff may be found at uspa.org or in Parachutist Magazine. USPA will keep all complaints of discrimination or harassment confidential to the extent reasonably possible but consistent with an appropriate investigation of any such complaint. USPA will take reasonable steps to ensure that no member is retaliated against for raising any concerns regarding discrimination or harassment.

WHAT CAN USPA DO?

Governance Manual Section 1-6 outlines the disciplinary process and the criteria for members' behavior that rises to the level of USPA disciplinary action.

Section 2

Finance

2-1: Financial Limitations and Procedures

2. Structure

- A. The association adheres to regulations which apply to both a small business and a corporation determined by the Internal Revenue Service to be tax-exempt by Section 501(c)(4) of the Tax Code.
 - 1. This section provides guidelines for budgeting, accounting, and reporting, and it assigns responsibilities for each between and among the USPA Board of Directors and the administrative staff.

 - 2. the existing and projected association programs articulated by the committee chairs and approved by the board
- C. To the extent possible and practical, the budget will be organized to reflect both the departmental structure of the association (e.g., membership services, competition, etc.) which parallels and supports the committee system of the board and the expense-category structure of the accounting system (e.g., compensation, travel, etc.).
- D. The draft annual budget will be submitted to the chair of the Finance and Budget Committee no later than November 15 of the year preceding the new budget year.
- E. Once approved by the Finance & Budget Committee, the draft annual budget is provided to the treasurer.

- 1. The association will operate under a continuing resolution by the Executive Committee until the board approves the budget at its next scheduled meeting.
 - 2. This resolution will restrict expenditures to the same levels of the previous year.
- G. The total of all projected expenses within each budget department should be considered as the overall spending limit for that department.

 - 2. The executive director is responsible for ensuring that overall staff expenditures are not exceeded without board approval; however, the executive director may make adjustments within the overall staff budget as necessary to ensure the efficient and effective operation of headquarters.
- H. Any budget item may be placed on the agenda at the next scheduled meeting of the board at the request of any USPA director.

Appendix C: Internal Resolution Policy

UNITED STATES PARACHUTE ASSOCIATION, INC. WHIS-
TLEBLOWER POLICY

1. Purposes

The USPA is a not-for-profit member-controlled organization led by volunteers serving as its Board of Directors and officers. The USPA's purposes include encouraging unity among all persons interested in skydiving and promoting safety in skydiving activities for both skydivers and the broader public through self-policing, purposes the USPA endeavors to carry out at a reasonable financial cost to participants in the sport. The USPA's volunteer leadership from time to time carries out the USPA's purposes of unity and safety through investigations, instructional ratings determinations and, in some cases, disciplinary proceedings.

In a membership organization like the USPA, disciplinary proceedings and other disputes are best resolved within the organization, if possible, through simple procedures administered promptly and fairly. Accordingly, the USPA's Board of Directors has adopted this Policy as part of USPA members' contracts of membership with the USPA (including group members' contracts of membership), to encourage resolution within the organization.

2. Limitation of Liability

IN NO EVENT SHALL THE USPA, OR ITS DIRECTORS, OFFICERS OR STAFF, BE LIABLE TO A MEMBER OR PROSPECTIVE MEMBER, NOR SHALL A MEMBER OR PROSPECTIVE MEMBER BE LIABLE TO THE USPA'S DIRECTORS, OFFICERS OR STAFF, WHETHER IN CONTRACT OR IN TORT OR UNDER ANY OTHER LEGAL THEORY (INCLUDING STRICT LIABILITY), FOR ANY INDIRECT, INCIDENTAL, EXEMPLARY, PUNITIVE, SPECIAL OR CONSEQUENTIAL DAMAGES, INCLUDING LOSS OF PROFITS, REVENUE, DATA OR USE, OR FOR INTERRUPTED COMMUNICATIONS, INCURRED BY EITHER PARTY IN CONNECTION WITH THAT MEMBER'S MEMBERSHIP IN THE USPA OR INSTRUCTIONAL RATINGS, INCLUDING DISCIPLINARY PROCEDURES, DISCIPLINARY ACTIONS OR DENIAL, SUSPENSION OR REVOCATION OF INSTRUCTIONAL RATINGS, EVEN IF THE OTHER PARTY HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. IN ORDER FOR EACH MEMBER TO BENEFIT FROM MEMBERSHIP, (A) IN NO EVENT SHALL A MEMBER'S OR PROSPECTIVE MEMBER'S DAMAGES PAYABLE BY THE USPA OR ITS DIRECTORS, OFFICERS OR STAFF IN ANY CLAIM OR OTHER ACTION BROUGHT IN CONNECTION WITH HIS OR HER MEMBERSHIP CONTRACT OR INSTRUCTIONAL RATINGS EXCEED THE AMOUNTS PAID BY THE MEMBER OR PROSPECTIVE MEMBER TO THE USPA FOR THE YEAR OR YEARS OF HIS OR HER MEMBERSHIP THAT ARE AT ISSUE, AND (B) IN NO EVENT SHALL USPA OR ITS DIRECTORS, OFFICERS OR STAFF BE LIABLE TO REIMBURSE A MEMBER OR PROSPECTIVE MEMBER FOR ATTORNEYS' FEES OR OTHER LEGAL EXPENSES INCURRED IN CONNECTION WITH USPA DISCIPLINARY PROCEDURES OR ACTIONS OR DENIAL, SUSPENSION OR REVOCATION OF INSTRUCTIONAL RATINGS.

3. Recovery Of Expenses (Including Attorneys' Fees)

If a member brings a legal claim, or makes a legal counterclaim, of any kind against the USPA or any of its directors, officers or staff (by reason of being a director, officer or staff member of USPA)

in a court of law or in an arbitration proceeding, the USPA, or its director, officer or staff member, shall be entitled to recover all expenses, including reasonable attorneys' fees, incurred in connection with the litigation or arbitration proceeding unless the member substantially prevails on his or her claim or counterclaim, and subject to clause (B) of Part II above.

4. Choice of Law, Venue and Jury Trials

The USPA is a longstanding New York not-for-profit corporation with operations based in the Commonwealth of Virginia. It is unduly burdensome for the USPA to be subjected to the laws of multiple jurisdictions and to litigation in far-flung venues. Accordingly: (1) USPA members' membership contracts with the USPA shall be governed by, and construed in accordance with, the laws of the State of New York, without giving effect to any choice-of-law or conflict-of-laws provision or rule (whether of the State of New York or any other jurisdiction) that would result in the application of the laws of any jurisdiction other than the State of New York; and (2) Without limiting Part V below, with respect to any dispute, claim or controversy arising under, out of, in connection with or relating to USPA members' membership contracts, or any course of conduct, course of dealing, statements (oral or written), or actions relating to those contracts, any action at law, suit in equity or other judicial proceeding for the enforcement of those contracts, any provision thereof or any rights of a member (including a group member) of the USPA shall be instituted only in the United States federal courts located in the City of Richmond, Virginia or in the Virginia state courts located in the City of Fredericksburg, Virginia and (along with the USPA), and each USPA member hereby knowingly, voluntarily, intentionally and with the advice of counsel waives any rights to a trial by jury with respect to any dispute, claim or controversy based on, or arising in connection with, his or her USPA membership contract.

5. Arbitration

Any dispute, claim or controversy arising under, out of, in connection with or relating to USPA members' membership contracts, or any course of conduct, course of dealing, statements (oral or written), or actions relating to those contracts, shall be settled by arbitration in the City of Fredericksburg, Virginia in accordance with the commercial arbitration rules of the American Arbitration Association. In the event of an arbitration, there shall be only one arbitrator, except that there shall be a panel of three arbitrators if the USPA determines that the issues involved warrant a three-member panel, who in either case shall be selected by the American Arbitration Association. The arbitrator shall promptly obtain such information regarding the matter as he or she deems advisable and shall decide with dispatch the matter and render a written award which shall be delivered to the USPA. Any such award shall be a conclusive determination of the matter and shall be binding upon the USPA and any member involved in the proceeding, and their successors in interest, and shall not be contested by any party. At the time of rendering the award, the arbitrator shall establish his or her fee and expenses in connection therewith. Such fees and expenses shall be allocable by the arbitrator in his or her award, consistent with Part III above. Judgment upon any arbitration award may be entered and enforced in any court of competent jurisdiction.

6. Potential For Discipline

Under Section 1-6.4 B.5 of the Governance Manual, a USPA member shall be guilty of an offense justifying the imposition of penalties if the member engages in any conduct that reasonably jeopardizes the well-being of the USPA. Litigation undertaken for the purpose of harassing the USPA (or harassing the USPA and its members) shall be deemed reasonably likely to jeopardize the well-being of the USPA. Examples of litigation undertaken for the purpose of harassing the USPA may include bringing a claim relating to disciplinary proceedings or actions under Section 1-6 of the Governance Manual before completing the appeal procedures provided for in Section 1-6 or bringing a claim asserting liability by the USPA or its directors, officers or staff prohibited by Part II above.
